RE: REPORTED COVID-19 POSITIVE CASES INVOLVING EMPLOYEES OF A TENANT IN NORTHPORT (MALAYSIA) BHD

The Management of Northport has been informed of five (5) COVID-19 cases involving employees of our tenant. One (1) of the employees was found positive for COVID-19 on 9 December 2020 whereas the other four (4) employees were found positive after a screening initiative was conducted by the tenant on all their employees on 10 December 2020. The employer has made the arrangement with the Ministry of Health for the individuals to be sent to the hospital for treatment.

The Management of Northport has instructed the employer to take immediate and appropriate actions including contact tracing. All close contacts will undergo COVID-19 test and self-quarantine in accordance with the advice of the Ministry of Health Malaysia. Northport has also carried out thorough disinfection of all areas exposed to the risk of transmission, in accordance with the guidelines of the Ministry of Health Malaysia.

As the port sector is categorized under the nation's essential services, Northport's business operations will continue to operate as usual to ensure that the national economy and the movement of basic needs of the Malaysian public are not interrupted.

Northport will continue to work very closely with the affected tenant, Ministry of Health Malaysia, Port Klang Authority as well as other relevant Government departments and agencies to ensure that the well-being and safety of all our stakeholders are protected.

For further information and enquiries, please contact En. Afiq Afandy at 012 275 6167 or Cik Nor Aisyah Abd Razak at 013 298 4248.

Thank You and Stay Safe.

Yours sincerely,
NORTHPORT (MALAYSIA) BHD
