

NORTHPORT SENDS AID TO FLOOD VICTIMS

A HUMANITARIAN aid mission for flood victims in Pekan, Pahang, left last week from Port Klang with three utility vehicles and buses laden with relief aid for those affected by the floods. The mission, organised by Northport (Malaysia) Bhd, included 30 Northport employees who brought necessities such as clothing, food items, drinks and toiletries for distribution to the victims at their homes as well as relief centres.

"We initiated our own donation drive among our employees and the response was overwhelming," said Northport CEO Abi Sofian Abdul Hamid. "By doing this, we hope to ease the burden of the victims, who are in need of help and support in these difficult times."

Northport is an award winning, wholly-owned subsidiary of NCB Holdings Bhd. It operates the multi-purpose port facility in Malaysia and is internationally recognised due to its relations to global ports like China, India, Intra Asia, the Mediterranean and Europe.

SHOW OF SUPPORT: Northport employees hand out aid at the Sekolah Kebangsaan Sg Acheh relief centre.
