10th December 2013

To all Forwarding Agents and Freight Forwarders,

NORTHPORT NEW eGATEPASS ANNOUNCEMENT

Effective from 17th December 2013, Northport will be implementing an improved version of the container eGatepass System for freight forwarders and forwarding agents. It is accessible through Northport's Web-CAS (Web Client Access System) via Northport Online.

This new version provides the benefits as below:

- Forwarding agents can generate one copy of eGatepass document instead of three documents currently. Besides the one-copy feature, forwarding agents are able to select by container or BL number to process the eGatepass.
- This new version aims to simplify the document requirement as only **one copy** is required when the haulage truck driver arrives at the terminal delivery gate.
- The simplified eGatepass requirement applies **ONLY** to Northport CT1/CT2 terminal.

Training, briefing and implementation of this version will be organized by SFFLA at their office.

For any inquiries please contact:

Name	E-mail Address	Tel
Mr. Selvakumar	selvakumar@northport.com.my	03-31698104
Mr. Azmee Ali	azmee@northport.com.my	03-31698684
Mr. CK Khoo	khoo@northport.com.my	03-31698168

NOTE: The current gatepass process will still be maintained (status quo).

Thank you.

Yours sincerely,
NORTHPORT (MALAYSIA) BHD
