

NORTHPORT AND INFINITY LOGISTICS & TRANSPORT CELEBRATE WORKPLACE DIVERSITY THROUGH MURAL ART

POR T KLANG - In today's work environment, employees often spend more time at the workplace than at home. This shift underscores the importance of creating a work setting that goes beyond its traditional function as merely a place to work. Recognizing this, many organizations are placing greater emphasis on enhancing the aesthetics of their workplace. The modern workplace is no longer just a space to perform tasks, but it has evolved into an environment that inspires creativity, promotes well-being and reflects the identity of the organization.

These aspects have become fundamental in contributing to both individual success and overall well-being. Nurturing a balanced lifestyle becomes a crucial foundation for enhanced productivity and satisfaction in both personal and professional life. One of the ways to bring life into working environment is through the integration of art. Art has the power to transform a dull workspace into an inspiring and stimulating environment.

In embracing this spirit, Infinity Logistics & Transport Sdn Bhd ("Infinity Logistics") took the initiative to paint a large mural at Warehouse D4, Northport Distripark Sdn. Bhd. ("NDSB"). NDSB is a distribution centre with warehousing, storage and other associated facilities managed by Northport (Malaysia) Bhd ("Northport"), a subsidiary of MMC Port Holdings Berhad ("MMC Ports"). This vibrant mural has transformed what was once an ordinary warehouse wall into a beautiful visual narrative that symbolizes the shared values and strong partnership between Northport and Infinity Logistics.

On 17 June 2025, a ceremony was held at Warehouse D4 to officially unveil the mural. Present during the event were the Dato' Azman Shah Mohd Yusof, Chief Executive Officer of MMC Ports, Dato' Seri Chan Kong Yew, Managing Director of Infinity Logistics and Fakhrul Azhar Tajudin, Chief Executive Officer of Northport. Also present to witness the event were Ean Yong Hian Wah, Chairman of Port Klang Authority.

Embracing the concept of 'Diversity', the mural, designed and painted by renowned local street artist Dr. Caryn Koh, was completed in just thirteen days. The artwork features four employees from both companies, representing different races and job functions. Depicted in a unified and dignified stance, the characters highlight the strength of diversity and the business synergies that exist between Northport and Infinity Logistics.

The mural artist, Dr. Caryn Koh, was born in Kuala Lumpur and is currently based in Swindon, United Kingdom. A graduate of Dasein Academy of Art, she was honored with the Outstanding Achievement Award in Fine Arts. She has participated in numerous group exhibitions across Malaysia, Taiwan and the United Kingdom. She has also painted murals in different regions including London, Bristol, Swindon, Leicester, Blackburn and the Lake District in the UK, as well as Malaysia, Spain, Germany, the Philippines and Jogjakarta.

"I would like to commend this proactive initiative by Infinity Logistics, which has invested their own resources to bring this project to life. The mural art project highlights the strong synergy between Northport and our business partner in a shared commitment towards creating a more conducive and engaging workplace. It is not just about the artwork, but it represents a deeper sense of belonging and unity among the employees of both companies as 'Economic Frontliners' serving the nation," said Dato' Azman.

"Logistics and ports thrive because of the people who power them - working relentlessly to keep operations moving. This mural captures their unity, diversity and unwavering dedication, with every expression telling a story of resilience. The smile reflects passion, the eyes reveal determination, the sweat speaks of hard work and the body posture embodies strength. Through art, we breathe life into the industry, transforming aging spaces into symbols of identity and appreciation. By supporting Malaysian artists, we honour creativity while recognizing the grit and perseverance of those who keep logistics and ports alive - because behind every movement, every milestone, every success, it is people who make it all possible," said Dato' Seri Chan.

"This mural not only reflects our commitment to Environmental, Social and Governance ("ESG") values, but also demonstrates how public art can be a powerful medium for fostering shared awareness. It shows how we can integrate our port operations with creative and purposeful spaces that appreciate the workers who have contributed to our success," said Fakhrul.

This mural stands as a testament to the power of collaboration and the shared vision between Northport and Infinity Logistics in fostering an inclusive, engaging and inspiring workplace. Beyond its visual appeal, the artwork reflects both organizations' commitment to unity, mutual respect and a vibrant corporate culture that values people as their greatest asset.

About Infinity Logistics & Transport Sdn Bhd

Infinity Logistics & Transport Sdn Bhd (Company No.: 200001028691 [531298-W]) is a well-established logistics and transportation company based in Malaysia, with presence in over 25 countries. Founded in 2003, it is a wholly owned subsidiary of Infinity Logistics and Transport Ventures Limited, which has been listed on the Main Board of The Stock Exchange of Hong Kong Limited (HKEX: 1442) since 2020—the first Malaysian logistics company to achieve this milestone.

Infinity operates over 1 million square feet of warehouse space across its Freight Villages in Malaysia and maintains a fleet of more than 100 prime movers to support efficient cargo movement throughout the country. The company handles more than 80,000 containers and 500,000 metric tonnes of conventional cargo annually. It is currently ranked the sixth-largest Flexitank operator and producer globally, serving customers in the bulk liquid logistics segment.

Infinity holds Authorised Economic Operator (AEO) status and is certified under ISO 28000 (Security & Resilience), ISO 9001 (Quality Management), ISO 14001 (Environmental Management), and ISO 22000

(Food Safety Management), reflecting its commitment to operational quality, environmental responsibility, and product safety.

Infinity is embracing AI, automation, and digitalization across its logistics chain. These initiatives not only improve efficiency but also contribute to greener, smarter, and more transparent logistics services. As a forward-looking company, sustainability and ESG (Environmental, Social, and Governance) principles are core to Infinity's operations. The company is at the forefront of the modal shift from road to rail, supporting national initiatives to reduce carbon emissions through greater rail freight utilization. In 2024, Infinity was recognized as the largest third-party rail operator calling Westports, supporting Malaysia's shift.

Infinity works closely with institutions of higher learning, including Universiti Malaya and Universiti Tunku Abdul Rahman (UTAR), offering internship programs that help train and develop future logistics professionals. It is also working with Universiti Malaya on research and development projects related to practical applications in logistics. With a team of over 1,000 employees, Infinity places strong importance on staff development through regular training and skill-building programs to ensure its workforce is prepared to meet the fast-paced industry demands.

Infinity continues to grow its global reach through partnerships with international logistics and shipping companies. Its short-term aim is to become one of the top three Flexitank operators in the world, while its long-term goal is to be recognized as a leading logistics company in Malaysia and beyond, providing reliable and efficient logistics solutions to its clients.
